

GREEN BUSINESS LEAGUE - POINT ASSIGNMENT REQUEST

Yes, it is true. Any reputable business can offer Green Business Points for their product or service simply by completing the assessment process. The Green Business League maintains a list of Green point assessments that are applied to all Green Business Certification audits. Your product or service will be reviewed for its Green merit and assigned TWO sets of points. The first point assignment is the point value of ONE installed item. The second point assignment is the maximum award for multiple installed items. This prevents an unbalanced Green program.

Fax: (866) 869-1680 Mail to: Green Business League, PO Box 434, Plainfield, IL 60544

The fee for the GBL Point Assessment is \$100. Full refund if no points are assigned.

Product/Service for Review: (Describe) _____

Please Describe the **Green Merits** of the Product/Service: (Attach promotional sheets if helpful)

TERMS OF GBL GREEN POINTS ASSESSMENT

1. The GBL Green Point logo must not be altered and must appear on your website preferably in reference to the product/service assigned the Green points
2. Substantial change of the product or service requires review for proper GBL point assignment.
3. The GBL logo does not infer or convey certification of your company as a GBL Certified Green Business. Neither does GBL endorse, warrantee, or certify the product or service that is given these points. Certification is an entirely different process.
4. The GBL Green Point logo may be used on your publications in reference to the product or service that has been designated. We understand that the promotion of this assignment logo will be used in a broad marketing effort.
5. The GBL Green Point assessment is annually renewed, and failure to renew requires that the company no longer display the GBL Green Points logo.
6. Any company purchasing your product or service will be able to include the associated points toward a Green Business Certification. All points must be verified to earn the Green Business Certification.
7. GBL Green Point assessment may apply to variations of the product, but will not include all products/services offered by a company unless part of the GBL assessment process.

I AGREE to the terms of this GBL Green Points Assessment Request and agree to pay the \$100 for the Green Point Assessment process:
